

# 800W Smoke Machine

- Economical price point
- Continuous smoke output
- 800 watt heater
- Wired remote control
- 0.8 litre fluid tank
- Optional timer remote available
- Optional wireless remote available
- Choice of special effect smoke fluids from very quick dispersing to long lasting

Offering stability, durability and reliability - when it comes to performance and precision control for an economical price, our 800W Smoke Machine will suit many applications. These foggers provide significant advantages in a wide array of applications where a fast heat up time, compact size and continuous fog output is required. The heater block is made of nickel-aluminium alloy adopted for fast and efficient heat transfer. Smoke output is controlled via a simple latching wired remote control (included) or the handle mounted smoke switch. The remote can be conveniently 'parked' on the machine for storage.

Ideal for special effects, smaller venues, movie productions or for fire training.

- Power: 230V
- Heater: 800W
- Output: up to approx. 85m<sup>3</sup>/min. (3,000 cu.ft./min.)
- First Heat-Up Time: 1.5 min.
- Tank Capacity: 0.8 Litres
- Fluid Consumption Rate: 21ml/min.
- Weight: 3.5 Kg
- Dimensions (cm): L31.5 x W13 x H21

#### Remote Control (included):

- Cable Length: 7.62 metres (25 ft.)
- Connector: 6.4mm jack
- Function: Latching switch

Optional analogue timer remote control allows timed control of smoke output, offering adjustments of 'interval between fog' and 'duration of fog output' of between 10 seconds to 4 minutes.

Supplied by Pea Soup Smoke Machines, Great Britain.
