

**Pea Soup's**

# Micro Rocket

12V DC Portable Smoke Machine

The **Pea Soup Micro Rocket** is perfect for situations where a small amount of smoke is required for special effects in props, costumes or scenery where no power is available. It is capable of producing a steady stream of smoke, if required, for up to 10 minutes of continuous use on a fully charged battery (supplied), or unlimited use when connected to the optional mains adaptor (a full reservoir of fluid will last approx. 50 minutes). The smoke produced disperses quickly.

The Micro Rocket is compact in size (L 23cm x W 6.7cm x H 11cm) and very simple to use. It has a switch to allow for momentary fog production, or latching (continuous) output until button pressed again, and can also be operated via an optional wireless remote control.

The unit is very easy to carry and operate, with fluid tank on the unit is specially designed to allow operation at a wide variety of angles.

The Micro Rocket is a highly economical battery powered smoke system ideal for special effects and has been used on many TV shows and major films, as well as nightly appearances on London's West End stage!

Kit comprises:

- 1 X Pea Soup Micro Rocket smoke machine
- 1 X 12V DC Battery
- 1 X Battery charger and lead
- 1 X 500ml container of smoke fluid (enough for 250 minutes of fog)
- 1 X Flight/carry case with handle

Optional Extras:

- Mains power adaptor
- Wireless remote control
- Spare battery
- Additional 500ml Micro Rocket smoke fluid
