

**Pea Soup's**

# Mini Rocket

## 12v DC 400 Watt Mobile Smoke Machine

The **Pea Soup Mini Rocket** is a robust and fully portable smoke system, operating from an on-board 12v DC battery to give total portability in producing a safe, non-toxic, water-based artificial smoke.

With a 400 watt power capacity, the Mini Rocket is capable of producing a safe, controllable smoke on demand in areas where no mains power is available, and is invaluable for special effects, photographers, film makers, air tracing, leak detection and for fire safety training in public transport vehicles, boats, simulating RTAs, etc.

At maximum output, up to 10 minutes of smoke can be produced from the fully charged battery. With the optional external 12v battery connector, a 70Ah car battery can provide up to 2 hours of total smoke production!

A suitable 110v/230v AC charger is included with every unit. Spare battery packs are available if required.

### Kit comprises:

- 1 X Pea Soup Mini Rocket smoke machine
- 1 X Battery base assembly (12Ah/20hr)
- 1 X Battery charger (100 – 240v input) and lead
- 1 X 250ml fluid tank

### Optional Extras:

Cabled remote control, wireless remote, DMX interface, digital timer controller, connector cable for attachment to 12v car battery, spare batteries, 500ml, 2.5 or 5 litre containers of Mini Rocket smoke fluid.

### FEATURES

- Instant, safe smoke, on demand
- No warm up time
- Dense, controllable smoke
- Completely portable
- Simple to operate
- Low rate smoke fluid consumption (10ml/min at full output)
- Can produce smoke for up to 10 min at full output with provided battery
- Optional wireless remote control, analogue cable remote control, DMX interface, timer control, external battery connector cable

Top part of unit is also available separately (ie without battery or charger) for connection to a 12v external (eg car) battery

Power	12v DC / 33A
Heat Exchanger	400W
Smoke Output	Up to 10 min at full output
Chemical Consumption	10ml/minute
Size & Weight	220 L x 105 W x 210mm H, 5.5kg
Battery Capacity / Charging Time	12v / 12Ah 10-12 hours
