MATERIAL SAFETY DATA SHEET C.O.S.H.H.

Product Name	C-Beam Regular
North American Name	Haze Fluid
Chemical	Proprietary Mix
Physiological Data	This product is not listed as a dangerous substance in the EEC directive that deals with the packaging and labelling of dangerous substances
Flash Point	Non Indicated by <i>Merck Index (ninth edition)</i>
Boiling Point	1013mbar - 290 Celsius
Irritant Effects	Nil for eyes and skin [separate components and final mix]
Toxic Data	Non Toxic. Taken internally the product is harmless, probably because its oxidation yields pyruvic and acetic acids. <i>cf</i> Whitemore <i>Organic Chemistry</i> (New York 1951) This product has no acute inhalation hazard.
C.O.S.H.H. indicate that there is no short term exposure limit associated with this product.	
Technical protective measures (bulk barrels) in line with all chemical products, ensure good room ventilation and do not leave containers open.	
First Aid	If swallowed it is very unlikely that harm will result. Wash eyes with plenty of clean water. In the unlikely event irritation should occur, seek medical advice. Wash contaminate clothing with ordinary soap and water
Industrial Hygiene	The usual safety precautions relating to chemicals should be observed
Disposal	Can be burned in incinerators with household refuse
After Spillage	Take up with absorbent material and dispose of according to instructions

PAGE 2 (C-Beam)

Storage Store containers in a cool place. Keep apart from oxidising materials

Handling No special handling precautions are required but it is good practice to wear rubber gloves. As with all chemicals, eyewash and clean water should be readily available

Road Accidents Observe the usual precautions
Stop the engine
Notify the police & fire brigade
Warn other road users and keep public away from the area.
Its presence on the road surface may increase the tendency to skid. Transfer as much as possible to other containers and flush away any residue with plenty of water

Transport This product is not regarded as hazardous for transportation.
